Together we make a difference

Shame
is the most powerful,
master emotion
(Brené Brown)

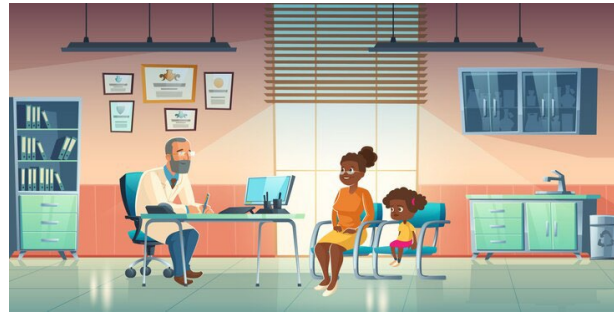

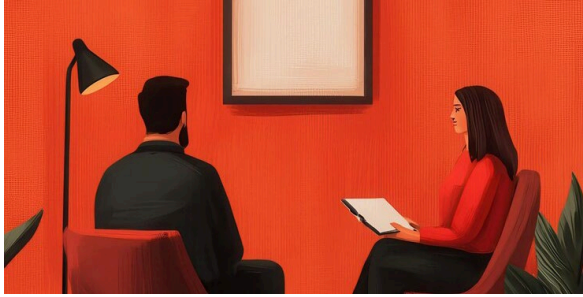

How is life treating you?

Like a baby treats
a diaper.

So let's talk...

How are you really doing - The difference

My Loneliness

...?...

The Stigma

My Self-Stigma

My Shame

My addiction

My Sexuality

My Poverty

My Trauma-History

All those problems that were already there before my diagnosis

Who do you put on n°1

1. Professor
2. Doctor

A unique contribution based on a shared and lived vision of recovery and empowerment.

(Thomas More, University of Applied Sciences)

Let's create opportunities together

Do not lose your dignity
Someone cares
Wake up today
From your nightmare
